

## **SIMPLE STEPS FOR SUCCESS**

### **PREP**

Rake area to loosen the top layer of soil and remove any dead grass.

For best results, add a thin layer of Scotts® Turf Builder® LawnSoil™ before applying seed.

### **APPLY**

Use a Scotts® spreader to apply the seed. Lightly rake the seed into the soil.

For best results, apply Scotts® Turf Builder® Starter® Food for New Grass 2-4 weeks after seeding.

### **WATER**

Water daily or as needed to keep the soil surface moist until the seedlings reach at least 2 inches tall.
